WLMH Mission Statement

A caring team partnering with our Communities to provide quality healthcare close to home.

WEST LINCOLN MEMORIAL HOSPITAL VALUES

- **Compassion and Competence**

We strive to meet patient care needs compassionately, personally and competently, recognizing physical, mental, emotional and spiritual needs.

- **Diversity and Respect**

We value diversity and we respect all people, including patients, their families, Hospital and medical staff, volunteers and our communities.

- **Trust, Honesty and Integrity**

We value and promote fairness, honesty and openness in our relationships with patients, their families, Hospital and medical staff, volunteers and community partners.

- **Empowerment**

We value an innovative approach to improving the health of the community through teamwork, open communication and empowering all individuals to have input into decision making. We recognize and encourage the contributions of all staff, physicians, volunteers, patients, their families and our community partners.

- **Excellence**

We value continuous improvement in quality of service and strive for excellence in patient care delivery.

- **Partnership**

We value dynamic relationships with both internal and external partners for delivery of integrated, patient-focused health care.

HOSPITAL POLICIES, PROCEDURES AND CODE OF CONDUCT

Volunteers must be sure to adhere to hospital policies and procedures, including the:

- Hamilton Health Sciences Values-Based Code of Conduct “RESPECT” (posted on WLMA website; note: volunteers will be required to sign at time of application confirming they have read and agree to abide by the Code of Conduct);
- Hospital Ethics, Interpersonal and Interdepartmental Relations policy on page 4;
- Volunteers will sign a “Terms of Engagement” form before placement commences.
- Use of Wheelchairs on page 8;
- Safety Reminders and COVID-19 Vaccination Policy on pages 8 & 9; and
- How to Hand Wash on page 10.

HOSPITAL ETHICS AND INTERPERSONAL RELATIONSHIPS

For you, who have chosen to be a volunteer at WLMH, “discretion” is the keyword.

Each patient admitted to the hospital, either as an inpatient or outpatient, places their trust in all of the personnel including the volunteer, to respect the confidentiality of their visit or stay in the hospital.

You may know some of the patients personally. No reference is to be made, either within or outside the hospital, as to the identity of any patient that is admitted to the hospital, any diagnosis or any treatment.

You, the volunteer, may be mistaken for hospital personnel. The patient, or their family, may seek your advice. Never express any opinion on the patient’s condition or treatment to the patient, relatives or any other person – including the hospital staff.

The patient may express such feelings as loneliness, depression or criticism of something or someone. The volunteer should deal with these with sympathy and understanding. It would be most helpful to the nursing staff if the volunteer would refer this to the department Manager – avoid attempting a solution to the problem.

Do be cheerful, positive and friendly but not familiar.

INTERDEPARTMENTAL RELATIONS

The attainment of our stated goals is dependent upon the entire hospital perceiving itself as a team with a shared purpose.

We believe that dialogue within and between departments and across disciplines strongly affect the quality of our results.

We believe that each and every job contributes to the functioning of our hospital.

We believe in the invisible teams, not formally defined or structured, that rise to the occasion and solve problems that occur during normal operations.

We believe in striving to continually improve the quality of care and service provided by the individual volunteers.

We believe in participation on quality improvement teams within the hospital that require input from a volunteer perspective.

The effectiveness of West Lincoln Memorial Hospital is dependent on the collective impact of each individual performance.

VOLUNTEER PROGRAM

What is Volunteering?

Volunteering is giving your time, skills or expertise. There are many benefits to volunteering and we believe volunteering can be very satisfying at any time in your life. It can be customized to your interests, available time, and reasons for wanting to volunteer.

Volunteering creates strong, healthy communities.

Purpose

The volunteer program supplements the professional and trained staff with responsible volunteers who will bring to the patients and their families those additional services that tend to enhance the warm, friendly atmosphere in the hospital.

Objectives

- To provide a thorough orientation program for the volunteers.
- To train volunteers to function safely and effectively within the hospital setting. Each program has a coordinator who will provide instruction.
- To assist the volunteer to enjoy a feeling of personal satisfaction by giving a worthwhile service to patients, the hospital, and the community the hospital serves, without financial remuneration.
- To assign volunteers to areas requiring service within the hospital.
- To provide care and comfort for all who need it.

Hospital volunteer associations exist to:

- enhance patient care
- raise funds for the hospital and to help hospitals meet their goals
- provide leadership and educational opportunities to their members
- promote the involvement of young people as volunteers
- respond to change and progress in the volunteer healthcare field

WLMA Motto “Together we can make a difference”

QUALIFICATIONS OF A SUCCESSFUL VOLUNTEER

Motivation: The personality factor common to all effective volunteers is a need to serve, to share and to interact with others.

Tolerance: Relate easily with patients and staff from many different cultures.

Warmth, Empathy, Tact, Discretion: These are necessary qualities to be a good volunteer.

Confidentiality: Must have the same respect and responsibility, as do the professionals, for patient confidentiality.

Humour: It is helpful not to take oneself too seriously.

Dependability: Adhering to your agreed volunteer times and duties is very important. Each scheduler works very diligently to fill all required hours.

Commitment: Volunteering is a commitment and people (staff, patients and other volunteers) rely on you being able to fulfill your obligation to your shift.

AUXILIARY PLEDGE FOR VOLUNTEERS

May we have the wisdom and ability, to serve in our hospitals in which we strive to bring comfort and hope to all who are in distress of mind or body.

May we be mindful of the privilege given us to help the aged, the ill and the very young – with generosity, with discretion and with gentleness.

May we have the strength to labour diligently – the courage to think and to speak with clarity and conviction but without prejudice or pride.

May we have both wisdom and humility in directing our united efforts to others which will be mutually rewarding to all.

GENERAL INFORMATION

Reporting for Service

The Volunteer Office is located in the **FRONT LOBBY**. A \$25 fee is requested when joining to help the Auxiliary offset the cost of the volunteer uniform and ID badge which must be worn at all times while you are on duty. The uniform consists of either an apron plus visor (for Café volunteers) or a vest (for all other volunteers). The uniform and ID badge must NOT be worn outside of the hospital boundaries unless for a special event.

All volunteers working within the hospital are covered by the hospital insurance for personal liability and/or property damage provided they are acting in accordance with instructions given by the Auxiliary and acting reasonably and in good faith. Volunteers are not covered by workplace safety insurance through the hospital.

Binders are provided at designated areas for you to record your volunteer hours. Please record time worked in the appropriate department binder. Annual awards for service are determined based upon up-to-date time sheets. In addition, volunteers must sign-in and sign-out for each shift. The sign-in/sign-out binder is located at the Information Desk in the Front Lobby.

Please wear shoes that are closed toed, low-heeled and comfortable with non-slippery soles. No sandals in patient areas or coffee shop.

Photo I.D. Name Badges

The Volunteer Coordinator will arrange with the hospital Security Office to issue a photo ID badge to a new volunteer, or a replacement badge for an existing volunteer.

Police Record Check

All volunteers are required to obtain and provide the Auxiliary with proof of a valid Vulnerable Sector Check and/or Criminal Record & Judicial Matters Check dated within 1 year of the check being conducted (***Police screening requirements will be discussed at your interview.***)

Meals

The Coffee Shop (on the main floor) will provide each volunteer with *one complimentary beverage per shift*. It serves hot and cold beverages, sandwiches and other small food items.

Paid Parking

There is a daily flat rate parking fee for all lots at West Lincoln Memorial Hospital. However, Auxiliary members are provided with a parking permit to hang from the rearview mirror of their vehicle whenever they are attending the hospital in connection with volunteer work. **NOTE:** During construction of the new hospital, volunteers must park only in designated parking spots. Separate instructions will be provided upon joining as to the location of these spots and regular updates to any changes impacting parking will be communicated to volunteers.

WLMA Manual

Smoking

The hospital and surrounding property is a non-smoking facility.

Illness or Absence

If you have a cold or other infection, or if you are to be unavoidably absent, please arrange, if possible, your own replacement or notify your area volunteer coordinator.

If possible, please estimate the length of time you will be away so that substitute arrangements can be made for you, and please notify the coordinator when you are ready to return.

If your area coordinator can't be reached, please call the Auxiliary Office (905-945-2253, ext. 11391) and leave a message. Please note the Auxiliary Office is staffed by volunteers Monday-Friday, 9:00 am to 12:00 noon so messages will be received during those hours only.

If you become ill or incur an injury while on duty, please report directly to Emergency.

Telephones

The telephones at the Nursing Stations are not available for private calls. Do not answer the phone at a Nursing Station unless you are asked to do so by the nurse in charge.

USE OF WHEELCHAIRS

Wheelchairs present special problems. Accidents may occur when not properly used.

- Volunteers must **NOT** transfer patients in or out of a wheelchair.
- If a patient requires a wheelchair, the volunteer must ask a nurse or call portering to assist the patient.
- Volunteers in the front lobby can use the phone to call for portering to assist the patient.

SAFETY REMINDERS

While you are helping as a volunteer, always be aware of the working hazards. Outlined below are some procedures to remember.

- Know and observe the procedure for the use of wheelchairs.
- Never put bedsidings down for a patient.
- Report potential hazards to the Department Head e.g. broken glass, malfunctioning equipment, blocked fire exit, spilled fluid or flower petals on the floor (a fall hazard!).
- Never move a patient. Call a nurse.
- Do not untie safety restraints for patients.
- Do not buy food or candy for a patient without first checking with a nurse on the ward.
- Ask department staff where the fire exits and firefighting equipment are in your work area.

Infection Control

Infection control in the hospital is equally important to the patient, employee, visitor and volunteer. A comprehensive plan to control infection spread in our hospital is directed by the Infection Control Committee and supervised by the Infection Control Coordinator.

As of March 4, 2024, masking remains highly recommended for all patient contact, given the unscreened populations, urgency of care, and high rates of patients presenting with symptoms that require additional precautions. Visitors should NOT visit if they are symptomatic. Patients with fever or respiratory symptoms continue to be required to mask in all clinical and non-clinical settings (except their inpatient room/bed space).

Masks will continue to be available upon entry to the hospital. We ask that everyone support their fellow volunteers, as well as staff, physicians, learners and visitors in their individual choice regarding masking. Volunteers may be required to wear personal protective equipment (PPE) such as masks and gloves, depending on the type of tasks they are conducting as part of their role.

Do not enter a patient's room where **"ISOLATION PRECAUTIONS"** are being observed.

It is important that you practice meticulous personal hygiene. Frequent hand washing is required. Please read the How to Wash Hands procedure on page 10.

Vests should be clean and neat at all times. While working with patients or in the coffee shop long hair should be tied back. Visors (or a hair net) must be worn in the coffee shop. DO NOT wear vests outside the hospital.

COVID-19 Vaccination Management Policy

As per Hamilton Health Sciences policy, effective November 30, 2021, all volunteers are required to be fully vaccinated against COVID-19 and provide proof of COVID-19 vaccine administration. Documentation of vaccine status shall be kept confidential and will only be collected, used and disclosed for the purposes of complying with hospital policy.

In health care settings, hand hygiene is the single most important way to prevent infections.

How to handwash

Lather hands for 15 seconds

1 Wet hands with warm water.

2 Apply soap.

3 Lather soap and rub hands palm to palm.

4 Rub in between and around fingers.

Lather hands for 15 seconds

5 Rub back of each hand with palm of other hand.

6 Rub fingertips of each hand in opposite palm.

7 Rub each thumb clasped in opposite hand.

8 Rinse thoroughly under running water.

9 Pat hands dry with paper towel.

10 Turn off water using paper towel.

11 Your hands are now safe.

VOLUNTEER PROGRAM OPTIONS

The Volunteer Coordinator will discuss the needs of various volunteer positions throughout the hospital and help the volunteer to select a suitable area. The volunteer is encouraged to select several areas for training. After working in the area, if the volunteer wishes to change to another area then please contact the Volunteer Coordinator.

I.D. must be worn while on duty.

High School Student Volunteer Program

This program is run by the Student Volunteer Coordinator and includes high school students who currently work in the Coffee Shop.

Clerical

Volunteers who have training in data entry, filing, computers or any other office work may be required to volunteer for special projects.

Coffee Shop

The Coffee Shop is open Monday to Friday between 8:00 am and 6:00 pm to serve the staff, patients and visitors. A friendly, pleasant attitude is a must. Volunteers are responsible to make and serve coffee, tea, cold drinks, sandwiches, baked goods, grab-and-go snacks & confectionary items, etc.

Gift Shop

Volunteers staff the Gift Shop days, evenings and weekends. A friendly and outgoing personality is required. Duties include encouraging and processing sales, restocking shelves, keeping the shop neat and clean.

H.E.L.P.P. – Hospital Equipment Lottery Project for People

This lottery (break open tickets) is currently on hold at the present time, but is expected to resume when the new hospital opens in 2025. Funds generated are used to purchase hospital equipment.

Mail

This service is currently provided by volunteers on weekday afternoons. The volunteer delivers mail to departments and offices throughout the hospital. This includes mail that comes into and goes out of the hospital as well as interdepartmental mail that needs to be delivered within the hospital.

Information/Reception Desk – Front Lobby

Monday – Friday days, you will greet people, remind them to use the hand sanitizers, direct them to their destinations (X-ray, Physio, Ward B or C, etc). Raffle tickets for Auxiliary fundraising may occasionally be sold by volunteers at the Information Desk.

WLMA Manual

Emergency Department (ED)

The volunteers in the ED provide internal assistance to medical staff. This could include stocking supply carts and the exam rooms; greeting visitors/patients to the waiting room, assisting visitors/patients with basic questions they may have and helping them navigate the hospital, etc.

Wards (B and C Wards and Obstetrics)

Monday through Friday mornings, volunteers assist with various duties on the Wards. For example, providing patients with fresh water, changing waste bags attached to tray tables, stocking supply carts, watering flowers/plants at patient bedside.

Be sure to adhere to the Hamilton Health Sciences Values-Based Code of Conduct "RESPECT" (posted on Auxiliary website); the Hospital Ethics policy on page 4; the Use of Wheelchairs instructions on page 8; the Safety Reminders on page 9; and How to Hand Wash on page 10.

Fundraising

Members of the Fundraising Committee organize events throughout the year. In 2024, events will include a St. Paddy's Day Dinner; Bake Sale; 80th Anniversary Celebration; Soiree de Vin; Strawberry Tea; Craft Show; Poinsettia Sale; and Breakfast with Santa.

"Volunteers are paid in six figures... S-M-I-L-E-S"
Gayla LeMaire

"Volunteers don't get paid, not because they're worthless, but because they're priceless."
Sherry Anderson

FIRE DISCOVERY AND NOTIFICATION

Upon hearing the fire alarm

1. Close all doors and windows in your area regardless of fire location.
2. Remain in that area and assemble in the hallway so that paging can be heard. This is essential. Staff will be notified by paging or telephone if help is required. Assign one person to handle incoming calls to your department.
3. Keep all phone lines unoccupied.
4. Do not attempt to return to your department through fire separation doors unless requested to do so by the supervisor responsible for hospital activities during the fire.
5. Patients are your primary consideration. If help is required in your area, notify the switchboard.
6. Visitors are to remain with patients and await instructions.

EMERGENCY HOSPITAL CODES

CODE	DESCRIPTION
AQUA	FLOOD
BLACK	BOMB THREAT/SUSPICIOUS OBJECT (REPORT TO DEPARTMENT LEAD FOR FURTHER DIRECTIONS)
BLUE	CARDIAC ARREST/MEDICAL EMERGENCY
BROWN	IN-FACILITY HAZARDOUS SPILL (REPORT TO DEPARTMENT LEAD FOR FURTHER DIRECTIONS)
GREEN	PRECAUTIONARY AND STAT EVACUATION (REPORT TO DEPARTMENT LEAD FOR FURTHER DIRECTIONS)
GREY	INFRASTRUCTURE LOSS OR FAILURE
ORANGE	EXTERNAL DISASTER (EMERGENCY ROOM IS EXPECTING AN INFLUX OF PATIENTS) (REPORT TO DEPARTMENT LEAD FOR FURTHER DIRECTIONS)
PURPLE	HOSTAGE TAKING (REPORT TO DEPARTMENT LEAD FOR FURTHER DIRECTIONS)
RED	FIRE
SILVER	SHOOTING INCIDENT / ACTIVE SHOOTER
WHITE	VIOLENT PERSON
YELLOW / AMBER	MISSING ADULT / MISSING OR ABDUCTED INFANT OR CHILD

In addition to wearing a Photo ID badge at all times while on duty at the hospital, volunteers are issued an Emergency Code card to be carried along with their Photo ID. Volunteers are responsible to know what to do on discovery of a code situation and on notification of a code. This information is detailed on the reverse side of the Emergency Code card.

Additional information about the Emergency Codes is available to volunteers from the Auxiliary Office. As code updates become available, they will be communicated to the volunteer membership via email.

Be aware of the role of the Code Captain at WLMH. The Code Captain is an HHS staff volunteer who serves as a representative for the HHS Office of Emergency and Disaster Management (EDM) for their unit or program. Code Captains support EDM training and education activities such as regular drills or disseminating EDM information to their teams. Code Captains also serve as the resident subject matter during EDM activities and emergency response.
